

Slow and steady, Wine Club Family!

- October 2023 -

The 2023 growing season has been slow and steady with cooler temps than recent vintages. This is giving us a longer “hang-time”, the length which the grapes can stay on the vine, and allows the grapes to develop even more intense flavors without a rapid increase in Brix. You’ll see the benefits of this in a few short years! Until then, perhaps these beauties will hold you over.

Reorder any of the wines in this shipment by Nov 1st to receive the 20% discount!
