

Spring-time and wine go great together, Wine Club Family!

- April 2024 -

The winter rains have subsided here in wine country and the vineyards' cover crops are lush and vibrant. It won't be long until we have budbreak and the vines begin their "grand period of growth". Already we have high hopes for the 2024 harvest, both Emil and Mario Tedeschi have said so! Emilio has personally put together some enviable collections of great vintages already in the bottle for your shipment and we think they will all pair well with springtime in your neck of the woods. Reorder any of the wines in this shipment by May 1st to receive the 20% discount and beat the heat of summer for shipping.
